\_\_\_\_ Ask Rallymaster if there are any changes or corrections

\_\_\_\_ Before leaving the checkpoint, make sure you can find each Bonus location and have a clear understanding of what is required to earn the bonus.

You are free to tear apart and remove any pages that are not needed (for example, if you decide to skip all of the bonuses on page 9, you may remove that page). However, if you lose a page from the bonus listing you may not claim any bonuses on that page. If you lose a fuel log page there is also a 150 point penalty to obtain a replacement.

**IMPORTANT CAUTION:** The following bonus locations are like a restaurant menu. If you order everything on the menu and eat it, you are going to get sick and perhaps die. Please pick and choose bonus destinations carefully!

**NOTE:** All times are local unless otherwise specified!

**REMEMBER:** *Unless otherwise specified, I.D. Flags are required in all photos.*

\*\*\*\*\* **BEGIN BONUS INFORMATION** \*\*\*\*\*

\*\*\*\*\* Illinois to California – Leg 2 \*\*\*\*\*

A maximum of 1,500 points total is available for fuel purchase records. To obtain points for fuel purchase records, riders must submit a receipt for every fuel purchase with the following information on the receipt: 1) location (city/town and state/province), 2) date, 3) time, and 4) volume (gallons or liters) purchased.

If any of the required information is not printed on a receipt, it must be hand written on the receipt. Any error in the printed date should also be corrected by hand. (Errors in the printed time need not be corrected IF YOU ARE KEEPING A FUEL LOG.) Also, write the telephone number of the station on the receipt if you correct an error other than a time error. Riders of motorcycles with a fuel capacity of 7.0 or more U.S. gallons also must complete the "fuel log" sheet provided in this leg's rally package.

The fuel log requires all of the same information as required on fuel receipts plus the odometer reading and the correct time the purchase was made. Remember that no points for fuel purchase records will be awarded to any rider that refuels between checking in and starting the next leg.

Rest Bonus *no specific location* 4,001 Must *start* on Friday, August 28, 2009

Stop for four (4) or more hours. Document this stop as follows:

\_\_\_ at the start of the rest period, obtain a machine generated receipt with date and time from a location, for example, a gas station, a motel, a store, etc.

\_\_\_ at the end of the rest period, obtain a dated, time receipt *from the same or nearby location in the same town.*

Our preference is that you also include your motel receipt with this bonus if you motel it, however, it is not required.

**WARNING:** We are giving you wide latitude on this bonus with few restrictions so that you may have the flexibility to use it as needed. However, we want to stress that if you are caught bending the rules in the slightest, you will be expelled from the rally. This bonus DOES NOT mean 'get a receipt and go collect bonuses.' It means stop and rest.

On 8/23/1912 Bobby Dunbar, age 4, disappeared while on a fishing trip here with his family. Eight months later in Poplarville, Mississippi authorities located a boy they believed to be Dunbar in the company of William Walters, an itinerant tinker. Walters claimed the boy was the son of his brother and Julia Anderson. Despite the testimony of Julia and many people who had seen Walters and the boy traveling together months before Dunbar's disappearance, Walters was tried and convicted of Dunbar's kidnapping in Opelousas, Louisiana. In 2004 DNA tests of descendants of both families confirmed that the boy with Walters actually had been Julia Anderson's son. This was the most notorious kidnapping prior to the disappearance of the Lindbergh baby in 1932. It is now believed that Bobby Dunbar probably fell off the bridge just to the east of this intersection, then a railroad trestle, and was eaten by alligators.
